FUNDS AND REVENUES OF SCHOOLS IN IRELAND.

TO WILLIAM GREGORY, ESQ.

Board of Education, March 29th, 1821.

SIR,

I HAVE the honour of acknowledging, by order of the Commissioners of Education, your letter of the 12th March instant, communicating to them "by command of His Excellency the Lord Lieutenant, a copy of two addresses of the House of Commons, dated the 1st instant, and requesting that they should send to you, forthwith, the Returns therein desired, in duplicate, in order that the same should be transmitted, to be laid before the House accordingly;"—and in reply, They have directed me to state to you, for the information of His Excellency,

THAT the Board of Education has not jurisdiction to regulate "all endowed "schools of public and private foundation in Ireland," there being a provision contained in the 2d section of the Act of the 53d Geo. 3, c. 107, "that the powers "of their Board shall not extend to the schools on the foundation of the late "Erasmus Smith, esq. nor the protestant charter schools, nor any parochial school "established under the 28th King Henry 8, nor any establishment for the purposes "of education, under the control of visitors appointed by Act of Parliament or "Charter;" and in the 15th section of the same Act, are excepted from their jurisdiction, "such private schools as are supported by "the voluntary occasional "contributions of private individuals, and which have no settled or permanent "funds or endowments;" and except also, "all schools of private foundation, "for the education of persons professing any religion or religious persuasion, other "than that of the united church of England and Ireland."

That they subjoin Returns of the names of such Schools as are subject to the regulation of their Board; with the annual revenues of each, and how derived; some of which revenues, however, are at present not actually received.

That there is also subjoined a Return of the numbers of the Scholars in each of the said Schools, on the 5th day of March instant, as returned to their Board by the respective Masters thereof.

That they are unable to answer what measures have been taken to carry into effect any of the improvements recommended by "the Commissioners for inquiring into the "state of all Schools on public or charitable Foundations in Ireland;" save, that their Board has been established in pursuance of such recommendation, and has acted in execution of its commission, as appears in their annual Reports to His Excellency, to which they humbly refer.

I have the honour to be,
SIR,
Your most obedient humble Servant,
Cham. Wm Walker,
Secretary to the Commissioners
of Education in Ireland.

CLASSICAL SCHOOLS OF ROYAL FOUNDATION.

ARMAGH:

£.700. p. ann. - - - - - Arising from lands granted by King Charles the 1st, for the master of a free-school. The master receives of that income £.500 p. ann. and £.100 for ushers. £.100 p. ann. are allowed for repairs of the school-house.—There are now eighty-two scholars; of whom many are boarders.

BANAGHER.

£.251. 11. 6. p. ann. - - - Arising from lands granted by King Charles the 1st, for a schoolmaster at Banagher.—There are thirty-seven scholars, chiefly boarders. The master, appointed by his Grace the Duke of Bedford, Lord Lieutenant of Ireland, receives the whole income.

CAVAN.

£.641. 13. 5. p. ann. - - - From lands granted by King Charles the 1st, for the master of a free-school. The present master was appointed by Earl Hardwicke, Lord Lieutenant, with a salary of £.400 p. ann. (before the Act of 53d Geo. 3d, for the formation of the Board "for the regulation and management of all endowed Schools," &c.); and the remainder of the income is appropriated to the re-payment of a loan from Government, granted for building a large school-house, which has been very recently finished, and is capable of containing a considerable number of scholars.—There are but twenty-two at present, (some of them boarders;) but the school is expected to increase.

DUNGANNON:

£.999. 16. 8. p. ann. - - - From lands granted by King Charles the 1st, for the master of a free-school. The present master, (who was appointed prior to the 53d year of Geo. 3d,) has a salary of £.500, and £.100 are appropriated to an usher. The residue of the income is reserved for repairs, or exhibitions.—There are thirty-two scholars, several of them boarders, and the school is increasing.

ENNISKILLEN.

£.1,461: - - - - - - - Arising from lands (granted by King Charles the 1st, for the master of a free-school,) under leases, which have lately expired. £.500 p. ann. are allowed to the master, and £.500 p. ann. for assistants; and the control of the funds devolving to the Commissioners of Education, for the first time, by the resignation of the late master, it is in contemplation to add an English master, when they shall afford the means. A portion of the income is devoted to repairs, or for exhibitions, pursuant to the 53d Geo. 3d, c. 107.—There are seventy scholars, chiefly boarders.

RAPHOE.

The nominal rental is £.800 p. ann. of which £.350 are the salary of the first, and £.150 that of the second master; but, owing to the lawless and unmanageable conduct of the tenantry of the estate, and the depreciation of agricultural property, (which general conduct has occasioned the especial notice and observations of the magistrates assembled at sessions in Donegal, early in the last year,) the Agents to the Board of Education have been unable to collect the rents, and consequently the salaries are considerably in arrear.—The number of scholars at present is twenty-two, some of them boarders. The surplus revenue of the school estate had been laid by for repairs, but it has been found necessary to apply it to the liquidation of so much of the arrear of the masters salaries as it could discharge, leaving still unsatisfied a very large balance.

Chamberlen Wm Walker,
Secretary to the Commissioners
of Education in Ireland.

CLASSICAL SCHOOLS OF PRIVATE FOUNDATION.

BANDON.

The Fund is £.20 p. ann. - Rent-charge on the estate of the founder, Earl of Cork and Burlington; a voluntary addition is made by the Duke of Devonshire, who also built a house for the master.—There are twenty boys.

CHARLEVILLE:

£.40 p. ann. - - - - - Paid by the Earl of Cork; the endowment is not accurately known, the deeds having been burned several years ago in a former school-house.—Twenty boys.

CLONMELL.

£.400 - - - - - - - - Proceeding from the school lands granted by Richard and Stephen Moore in 1685, for the education of protestant children, gratis.—There are at present eighteen boys. The whole income is received by the present master, preceded the establishment of the Commissioners of Education, under the 53d Geo. 3d.

DUNDALK:

£.50 - - - - - - - - - Rent-charge on the estate of the Earl of Roden; the income, with the exception of a part devoted to the repayment of a loan from Government for repairs to the school-house, is received by the master.—There are forty-nine boys.

EYRECOURT.

£.31. 3*s*. 2*d*. p. ann. - - Interest of £.700 in Three-and-a-half per Cents. devised by the Rev. Richard Banks, for a protestant schoolmaster at Eyrecourt. The present master enjoys the income, having been appointed prior to the enactment of the 53d Geo. 3d.—The school-house has been found incapable of bearing repairs, it is so extremely decayed; and the master, (declaring himself unable to afford £.10 per cent. from his income, to repay any loan which might be desired from Government, pursuant to the act before-mentioned,) has not a house suited for the reception of scholars.—See Third Report of the Commissioners.

KILKENNY.

£.140. p. ann. - - - - Rent-charge on the estate of the Earl of Ormond and Ossory; the income is received by the master, who is appointed by the provost and fellows of Trinity College.—There are thirty-seven boys.

LISMORE.

£.30 p. ann. - - - - - Rent-charge on the estate of the Duke of Devonshire; together with a house and garden for the master.—Forty boys.

MIDDLETON:

£.200 - - - - - - - - Arising from lands in the county of Cork, devised in trust by the will of Elizabeth Countess of Orkney, in 1696.—Some doubts having existed with the Commissioners of Education a few years ago, whether a lease made by the trustees ought not to be impeached, the master, whose school was at a very low ebb, was directed not to receive any rent from the persons deriving under such lease. The house is very old, and in need of repair for the reception of pupils, who have been discontinued in consequence, as represented by the master.

NEW ROSS:

£.7. 10. - - - - - - - By rent of a house and gardens in New Ross, adjoining to the school, but at present unlet; and the sum of £.20 had been allowed by the corporation of Ross, which is not now paid. There are twenty-six boys.

PRESTON'S SCHOOLS of NAVAN and BALLYROAN.

The management of the funds of the Preston School estate, as well as other conduct and acts of the trustees, have been before the Court of Chancery during some years past. A sum of £.2,027. 14. 9. in 3½ per cent. stock, has been lately, by order of the Lord Chancellor, transferred from the Accountant General to the Commissioners of Education; but the causes are not at an end, therefore the fund cannot be fully ascertained.—There are at Navan school two boys; at Ballyroan, twenty-three: at the termination of the suits the numbers of course will be increased.

WICKLOW.

About £.20 p. ann. - - - From twelve acres of land, or upward, granted by Philip Earl of Chesterfield, in the year 1746, (when Lord Lieutenant of Ireland,) for a Latin Master in the town of Wicklow, and lately restored, (on the application of this Board,) after some period of alienation.—There are six scholars in the school at present, and additional scholars are expected.

YOUGHALL:

£.30 p. ann. - - - - - Rent-charge on the estate of the Earl of Cork, who endowed it in 1810, and also gave a school-house.—There are thirty boys.
